

Welcome to Faith Christian Academy.I want to take a moment as pastor of Sidell Assembly UPC, to say how excited we are about starting this Christian School. We are passionate about training our students to be successful in their lives, both Spiritually, and Academically.

God has provided us with an excellent staff, led by Vickie McCarty PhD. FCA has a staff of committed Christians that love the Lord, and desire is to honor and serve the him. In addition, they love people, and are a blessing to students, and their families. I can assure you that your child will not only be taught, but also loved.

As a school we are committed to academic excellence. Our goal is to give your child the highest level of education. We understand that in today's competitive world a quality education is extremely important. Therefore, we commit to equip your student with the necessary tools to further their education and to make their life a success.

Finally, let me remind you that FCA is a ministry of the Sidell Assembly UPC Church. Thus, our desire is not only to minister to your child, but also to minister to you. Let me invite you to check out one of our two weekly services. I am confident that you will receive a warm welcome and that your spirit will be refreshed. As pastor, it is my sincere desire to be an encouragement and a blessing to you.

Sincerely in Christ,

Pastor Tim Pearman
